EXPERIENCE

Rutgers Biomedicine and Health Services, Newark, NJ — *IT Support Technician Intern*

July 2019 - August 2019

Job description: Data transfer, data recovery, data wiping, computer/laptop/printer setups, and organized stockroom.

Passaic Valley Sewerage Commission, Newark, NJ — *IT Support Technician Intern*

May 2022 – September 2022

Job description: Feature updates on 250 PCs, changed proxy settings on printers with new passwords, setup new PCs, and set multi-factor authentication for new employees.

EDUCATION

Rutgers University - Newark, Newark, NJ — *Bachelors*

September 2019 - May 2023 (anticipated)

I am majoring in Computer Science with a minor in Mathematics.

Recent GPA: 2.8 (Spring 2022 semester)

Cumulative GPA: 2.957 (as of Spring 2021 semester)

PROJECTS

NaPared — *Github*

As a student, I have created small projects for my own personal growth, as well as one project, *Student Navigation*, for a local school, Horton Elementary. I created a site for students to access their school apps in one centralized location. I also included, by demand, the school's live twitter feed.

SKILLS

HTML

CSS

Python

JavaScript

React.JS

MySQL
